

## WOMEN'S RESIDENTIAL SERVICES

Have you tried to stop using on your own without success? Are you worried about your family and what might happen?

## WE CAN HELP

Willamette Family not only helps individual women, but also has the unique ability to provide co-residency for women entering treatment with their children aged six and under. Mothers and children living together at the center may access an array of family services and licensed child care while participating in substance abuse counseling and mental health treatment.

Call our trained specialists today for more information on how to enter our treatment services.

## WORRIED ABOUT THE COST?

Willamette Family accepts a wide variety of private insurances, Oregon Health Plan, some state and federal funding as it becomes available, and cash or credit payment on a sliding fee scale.
